ADDENDUM

8/9/24

Addendum 01
August 09, 2024

Screening Improvements Project
Contract No. RFB-RC-SWR-2023-06
SRF Project No. C3-5368-35-00
Rockland County Sewer District No. 1

ADDENDUM 01

To All Bidders:

This Addendum 01 is issued for the purpose of amending the requirements of the Contract Documents for the above-named project. Contractors submitting bids for the above-named project shall take note of the following changes, additions, deletions, clarifications, etc., in the Contract Documents, which shall become a part of and have precedence over anything contrarily shown or described in the Contract Documents, and all such shall be taken into consideration and be included in the Contractor's bid proposal.

(Please see attached pages.)

Plan holders wishing to submit bids should acknowledge receipt of this and all Addenda by listing the Addendum Numbers on the appropriate line of Item 7 of the Proposal.

Addendum 01
August 09, 2024

Screening Improvements Project
Contract No. RFB-RC-SWR-2023-06
SRF Project No. C3-5368-35-00
Rockland County Sewer District No. 1

- Item 1. Meeting Minutes from the Pre-Bid Meeting held on August 6, 2024 are attached as **Attachment No. 1.**
- Item 2. Responses to bidders' questions are provided in **Attachment No. 2.**
- Item 3. Instructions to Bidders, DELETE Article 18 "EXECUTION OF CONTRACT" Paragraph A and REPLACE with the following:
 - A. The successful Bidder shall, within five (5) calendar days after receiving Notice of Award of the Contract, sign and deliver to the Owner, the Contract hereto attached properly together with the Performance and Payment Bonds, each in the amount of 100% of the Contract price, and in the form required by these Contract Documents, (or such other form as may be approved by the Owner) of a Surety holding a certificate of authority issued pursuant to 31CFR223 from the Secretary of the Treasury of the United States as an acceptable surety authorized to do business in the State of New York. Where such bond is signed by an Attorney-in-fact, it must be accompanied by a certified copy of his power of attorney to sign such bond. The performance and payment bonds must remain in effect for one year after final acceptance.
- Item 4. Proposal, DELETE pages P-2 and P-3 in their entirety and REPLACE with pages P-2A and P-3A, attached as **Attachment No. 3.**
- Item 5. Specification Section 01 20 00 – Measurement and Payment, DELETE Paragraph 1.03.B.7).5).a) and REPLACE with the following:
 - a) The quantity for which payment will be made shall be the total number of square feet of spall repaired as specified and as measured in place by the Engineer.
- Item 6. Specification Section 01 20 00 – Measurement and Payment, DELETE Paragraph 1.03.B.8).5).a) and REPLACE with the following:
 - a) The quantity for which payment will be made shall be the total number of square feet of spall repaired as specified and as measured in place by the Engineer.
- Item 7. DELETE Appendix C in its entirety, including Cover Page, and REPLACE with Appendix C, attached as **Attachment No. 4.**
- Item 8. Drawing S-10, CONCRETE REPAIR QUANTITIES table, "SURFACE SPALL REPAIR MATERIAL" and "FORMED SPALL REPAIR MATERIAL" columns, DELETE "(CF)" and REPLACE with "(SF)".

CONTRACT RFB-RC-SWR-2023-06
SCREENING IMPROVEMENTS PROJECT
PRE-BID MEETING MINUTES

Date/Time: August 6, 2024 @ 10:00 AM

Location: Rockland County Sewer District No. 1 (RCSD#1)
Administration Building Conference Room
4 Route 340, Orangeburg, NY 10962

To: All Pre-Bid Meeting Attendees and Plan Holders

Date Issued: August 9, 2024

1. INTRODUCTIONS

- 1) Copy of the Pre-Bid Meeting Agenda and Pre-Bid Meeting Sign-in Sheet are attached to these Meeting Minutes.

- 2) Bid Distribution:

The Rockland County Purchasing Division officially distributes bidding documents through the Empire State Purchasing Group Bid Notification System, referred to as BidNet, www.bidnetdirect.com.

Only those vendors who obtained bidding documents from the Empire State Bid Notification System are guaranteed to receive addendum information if such information is issued.

Copies from any other source are NOT considered official copies.

2. BID PRICES & BID PROPOSAL

A. Bid Prices

1. Bid Prices shall include costs for furnishing all labor, materials and tools, equipment and performance of all services required to complete the Contract work, in conformance with the Contract Documents.

The Contract Lump Sum Bid Prices shall include all Work, including all Work relating to the listed quantities of concrete repairs shown in the Contract Documents. Any quantities of concrete repair work items exceeding the listed quantities shown in the Contract Documents shall be paid for by Unit Price Items in the quantities listed in the Schedule of Bid; the quantities listed for the Unit Price Items in the Schedule of Bid are estimates and may differ from the actual materials in the field.

2. In computing the Bids, bidders are not to include the Sales and Compensating Use Taxes of the State of New York, or of any City and County in the New York State, for any supplies or materials to be sold to Rockland County Sewer District No. 1, which is exempt from such taxes.

B. Bid Proposal

1. Bid Security

- a. Each proposal must be accompanied by a certified check for a sum equal to five percent (5%) of the amount of the Bid, payable to Rockland County Sewer District No. 1., or a Bid Bond on the form provided in the Contract Documents.

2. Bid Forms

- a. Bids shall be submitted on the Proposal Form furnished with the Contract Documents.
- b. All blank spaces for Bid Prices shall be filled in, in ink or typed, and in both Words and Figures.
- c. The Bid Proposal Forms shall be duly executed by the undersigned and attached to the Bid Proposal.
- d. Each Bidder shall submit references and a statement of the Bidder's Qualifications, including construction experiences and organization and equipment available for the work contemplated within the Bid Proposal.

3. QUESTIONS DURING BID, BID ADDENDUM, & BID OPENING

A. Questions During Bid

1. All questions regarding the Bidding Documents must be submitted in writing to the Attention of Mr. Paul Brennan, Director of Purchasing, via email at purchasing@co.rockland.ny.us. The solicitation # must be included in the subject line of the email communication. The deadline for receipt of questions is **12:00 pm local time on August 22, 2024**.

B. Bid Addendum

1. The Pre-Bid Meeting Minutes will be issued through Addendum No. 01 and posted to BidNet after the Pre-Bid Meeting.
2. Responses to all questions received during the Bid period will be issued through Addenda and posted to BidNet.
3. All Bidders shall acknowledge receipt of all Addenda by listing the Addenda in the Proposal Form.

C. Bid Opening

1. Bid Proposals for Contract RFB-RC-SWR-2023-06, Screening Improvements Project will be received on **August 29, 2024 until 3:00 pm** local time, in the Offices of the **Department of General Services – Purchasing Division, 50 Sanatorium Road, Building A, 6th Floor, Pomona, NY 10970**, at which time and place they will be publicly opened and read aloud.

All Bid Proposals shall be submitted in sealed envelopes and shall be plainly marked on the outside with the statement "Bid Documents Enclosed", Title of Project, Contract Name, and Bidder's Name and Address.

The Rockland County Purchasing Division will conduct this public bid opening. Any Bid Proposals not delivered in person shall be delivered by mail (preferably registered) to the Purchasing Division at the address below:

Department of General Services - Purchasing Division
County of Rockland
50 Sanatorium Road, Building A, 6th Floor
Pomona, NY 10970

When sent by mail, the sealed proposal, marked as above, should be enclosed in an additional envelope similarly marked and addressed to the address above.

Bid Proposals received prior to the time of opening will be securely kept unopened. Bid Proposals received thereafter will be returned unopened.

4. OTHER REQUIREMENTS

A. Insurance & Bond Requirements

1. Upon award of the contract, the Contractor shall provide insurance certificates naming both the County of Rockland and Rockland County Sewer District No. 1 as Additional Insured.

Three (3) Certificates of Insurance and one (1) certified copy of the insurance policy or policies shall be provided within ten (10) calendar days of receipt of Notice of Award:

- a. General Liability ACORD Certificate of Insurance naming both the Owner (Rockland County Sewer District No. 1) and the County of Rockland, both as Additional Insured and as Certificate Holders.
 - b. New York State Worker's Compensation Insurance.
 - c. New York State Disability Insurance.
2. Upon acceptance of the Bid, a successful Bidder will execute the Contract and furnish a properly executed Performance Bond and Payment Bond, each in an amount equal to one hundred percent (100%) of the Contract Price, within five (5) calendar days of the Notice of Award of the Contract.

B. Project Labor Agreement

1. A Project Labor Agreement is required to be entered into in connection with the construction of this Project. The form of the Project Labor Agreement that the Contractor will follow is attached as Appendix A of the Appendices package supplied to Bidders. The Owner will enter into the Project Labor Agreement with the Trade Council Associates.

In accordance with the requirements of the Project Labor Agreement, each Bidder must submit with its Bid a separate sealed list that names each subcontractor that the Bidder will use to perform Work on the Contract and the agreed-upon amount to be paid to each, for: (a) plumbing and gas fitting, (b) steam heating, hot water heating, ventilating and air conditioning apparatus, and (c) electric wiring and standard illuminating fixtures.

C. State and Federal Wage Rates

1. NYSDOL Prevailing Wage Rates

- a. The Labor Law requires public work contractors and subcontractors to pay laborers, workers, or mechanics employed in the performance of a public work contract not less than the prevailing rate of wage and supplements (fringe benefits) in the locality where the work is performed.

2. Davis-Bacon Wage Rates

- a. The Davis-Bacon Act requires Contractors and Subcontractors performing construction, alteration, and repair work under Contracts in excess of \$2,000 funded from SRF and/or Federal monies, to pay their laborers and mechanics not less than the prevailing wage and fringe benefits for the geographic location.
- b. The Davis-Bacon wage determination for the locality in which this Contract takes place is included in Appendix C of the Contract Documents. To ensure the Davis-Bacon wage determination remains current, any modifications to the Davis-Bacon wage determination during the Bid period will be issued through Addenda.

D. Equal Employment Opportunity Goals

1. Refer to Appendices D and E included in the Contract Documents.

E. CWSRF/NYSEFC Conditions & Requirements

1. Refer to Appendices C through E included in the Contract Documents.
2. Compliance with American Iron and Steel (AIS) is required.

F. USEPA Grant Requirements

1. Compliance with AIS is required.

5. CONTRACT SCHEDULE & COMPLETION TIME

A. Notice of Award of Contract

1. Notice of Award of the Contract will be made to the successful Bidder within 45 days after the opening of Bids.

B. Notice to Proceed

1. Notice to Proceed will be issued within fourteen (14) days of formal execution of the Contract.
2. The Contractor shall commence Work on the Contract within 10 days of the Notice to Proceed.

C. Contract Completion Time

1. Contractor must complete all Contract work within seven hundred sixty (760) consecutive calendar days from the date of Notice to Proceed.

6. PROJECT DESCRIPTION & SCOPE OF WORK

A. Service Area and Location

1. The work is located at Rockland County Sewer District No. 1 Wastewater Treatment Plant, 4 Route 340, Orangeburg, NY 10962.

B. Scope of Work

1. Replacement of climber type mechanical screens with three (3) multi-rake type bar screens.
2. Replacement of serpentine type belt conveyor with screw screenings conveyor.
3. Installation of new screenings compactor.
4. Construction of new Compactor Room building adjacent to existing Screen Building, consisting of a reinforced concrete spread footing, reinforced concrete slab on grade, combination concrete and concrete masonry unit (CMU) block walls with a brick façade, and reinforced concrete roof slab and roof beams.
5. Site grading and replacement of the asphalt driveway to the new Compactor Room.
6. Rehabilitation of the existing Screening Loading Area for use as an equipment storage and maintenance area.
7. Replacement of 2-inch bypass bar racks with 1-inch bar racks.
8. Replacement of slide gates.
9. Installation of stop logs, guides, and storage racks.
10. Replacement of gas detection system.
11. Replacement of lighting.
12. Replacement of facility doors and windows.
13. Sandblast and coating of existing structural roof beams.

C. Replacement of Screen Building HVAC system, including ventilation supply and exhaust fans, louvers, ductwork, unit heaters, and controls, up to the point it connects to the Odor Control system.

The Pre-Bid Meeting ended at 10:20 AM and was followed by a Site Tour.

These minutes will be considered an accurate accounting of discussion, decisions, and directives agreed to during this meeting, and will be made part of the permanent project record.

Screening Improvements Project
Contract No. RFB-RC-SWR-2023-06
SRF Project No. C3-5368-35-00
Rockland County Sewer District No. 1

Attachment No. 2:
Responses to Bidders' Questions

ADDENDUM NO.1

ITEM NO. 2 – Responses to Bidders' Questions

CONTRACT RFB-RC-SWR-2023-06

SCREENING IMPROVEMENTS PROJECT

ROCKLAND COUNTY SEWER DISTRICT NO. 1

ROCKLAND COUNTY, NEW YORK

AUGUST 6, 2024

The attention of all proposers is directed to the following changes, additions, and/or substitutions affecting the above-referenced project. This addendum shall be included in and become part of the RFB for this project. Acknowledge receipt of this addendum in the space provided in the Proposal Form; this section must be signed and submitted with the bid proposal. Failure to do so, may subject the bidder to disqualification.

Below are the questions that have been submitted with Responses from the Owner:

Question 1:

Instruction to bidders item 27 for utilization of MWBE's - indicates good faith effort of 10% Minority and 6% Women. Section III.A.1 of the Mandatory SRF Terms and Conditions indicate a 20% MWBE participation goal. Please advise which goal is correct.

Response: Refer to Appendix D: NYSEFC Mandatory State Revolving Fund Terms and Conditions and Appendix E: Guidance for Mandatory State Revolving Fund Terms and Conditions for MWBE requirements for this project.

Question 2:

Appendix F contains NYSEFC mandatory SRF terms and conditions. Section 3 Certified Service Disabled Veteran Owned Business (SDVOB) participation opportunities indicates the requirements of this section apply to all construction contracts and subcontracts. Please advise if SDVOB participation will be required and what the percentage of good faith goals will be if required.

Response: Appendix D: NYSEFC Mandatory State Revolving Fund Terms and Conditions and Appendix E: Guidance for Mandatory State Revolving Fund Terms and Conditions discuss SDVOB requirements for this project. Appendix D, Section 3 encourages the Contractor to make a good faith effort to promote and assist in the participation of SDVOBs and contains contact information for assistance.

Question 3:

Invitation to bidders, Article 30.C, item 6 & 7 "All bidders will be required to complete the NYS Department of Environmental Conservation Performance bond information form in the proposal portion of this specification." Please provide further clarification of the NYSDEC bond requirements and referenced associated form is not apparent in the provided documents.

Response: Bidders should disregard the references in Article 30.C Items 6 and 7 regarding NYSDEC bond requirements for this project.

Question 4:

Confirm that with a Project Labor Agreement (PLA) that General Condition Article 68 compliance with Local Law 17 & 10 remains in effect for Licensed Electrical/HVAC/Plumbing.

Response: The General Contract Conditions Article 68 pertaining to Permits and Licenses do apply for this Project Labor Agreement (PLA) project. The Contractor shall possess a valid County of Rockland license for the trades required for the work as of the date of the opening of the Bids.

Question 5:

The holidays called out in the PLA and holidays listed in article 56 of the General Contract Conditions don't match. Please advise if the contractor should follow the GCC article 56 holidays or the PLA holidays.

Response: The Holidays listed in the Project Labor Agreement (PLA) are the holidays that will apply to this project.

Question 6:

Instructions to Bidders 3. requires the Bid Bond to be signed by a Resident Agent. Kindly consider allowing signature by a Non-Resident Agent, as resident agent countersignature laws have been eradicated throughout the United States. Any bid, performance, or payment bond that requires a resident agent countersignature or a resident agent signature violates law. Please remove the requirement for a resident agent countersignature.

Response: The Contract requirement will not be changed.

Question 7:

Instructions to Bidders 3. gives the Owner the right to recover the greater of the entire amount of the Bid Security or ten percent of the Bid, or to exercise any and all equitable remedies it may have against the defaulting Bidder in the event of the bidder's failure to timely submit all additional information requested by Owner, or if the successful Bidder fails to timely and properly submit all required Bonds, certificates and policies of insurance, or if the successful Bidder fails to timely and properly execute the Contract, the Contractor's Certification and all other required documentation related to the Contract. It is the intention of the Bid Security to provide the Owner a means of recovery in the event of a failure on the part of the Bidder. The Owner's recovery should be limited to the amount of the Bid Security. Further it is not equitable to allow the Owner to exercise any and all equitable remedies it may have against the defaulting Bidder as again, the Bid Security should be the agreed upon remedy.

Please amend to: *"If the successful Bidder fails to timely submit all additional information requested by Owner, or if the successful Bidder fails to timely and properly submit all required Bonds, certificates and policies of insurance, or if the successful Bidder fails to timely and properly execute the Contract, the Contractor's Certification and all other required documentation related to the Contract, it will be difficult and impracticable to ascertain and determine the amount of damage that Owner will sustain by reason of any such failure. For such reason, every Bidder shall, by submitting its Bid, be deemed to agree that*

Owner shall have the right, at its option in the event of any such default, to retain or recover ~~as reasonably estimated liquidated damages, and not as a penalty,~~ the entire amount of the Bid Security ~~or ten percent of the Bid, whichever is greater,~~ or to exercise any and all equitable remedies it may have against the defaulting Bidder."

Response: The Contract requirement will not be changed.

Question 8:

General Contract Conditions 52. requires the Contractor to maintain the sole risk of the work from commencement until final payment. Builder's risk coverage ends upon Substantial Completion or when the Work is put to its intended use, whichever occurs earlier. It is not equitable to give the Contractor the risk for loss it cannot insure. Contractor's risk of loss should end upon Substantial Completion or at the point the Work is put to its intended use by the Owner, whichever is earlier.

Please amend to: *"The Work and everything pertaining thereto shall be provided, performed, completed, and maintained at the sole risk and cost of Contractor from the commencement of the Work until final payment **Substantial Completion or at the point the Work is put to its intended use by the Owner, whichever is earlier.**"*

Response: The Contract requirement will not be changed.

Question 9:

General Contract Conditions 105. requires the Contractor to furnish a certified copy of the original policy as soon as practicable prior to payment. Contractor is a large, sophisticated entity whose corporate policies insure all operations in the United States. Providing complete copies of a corporate policy is an onerous and unnecessary requirement. Per market precedence, certificates of insurance with applicable endorsements should suffice.

Please amend to: *"The Contractor shall furnish to the Owner, ~~a certified copy of the original policy~~ **certificate of insurance**, with an endorsement naming the Owner and the County of Rockland as Additional Insured, as soon as is practicable and as a condition prior to payment."*

Response: The Contract requirement will not be changed.

Question 10:

General Contract Conditions 105. requires any and all subcontractors to carry the same insurance as required in the specifications, including a \$10,000,000 excess umbrella. These coverages and limits may not be commercially available or would be cost prohibitive to most subcontractors, particularly the SBE and DBE subcontractors.

Please amend to: *"...~~The Contractor's insurance policy shall cover all the work performed by his subcontractor(s).~~ The Contractor shall obtain Certificates of Insurance from each subcontractor employed in the performance of work under this Contract, showing the said subcontractor(s) ~~have complied with all of the Insurance Requirements of this contract~~ **carries the insurance required per Contractor's usual business practices** and furnish copies of said certificates to the Owner. ~~The same specifications that shall apply to the Contractor shall also apply to any and all subcontractors, said insurance policies to be furnished by such subcontractor(s).~~"*

Response: The Contract requirement will not be changed.

Question 11:

General Contract Conditions 105(a) requires the general liability insurance maintain a products-comp/op aggregate of \$2 million per location. The industry standard ISO endorsements CG 25 03 and CG 25 04 provide general aggregate limits on a per project basis only. These endorsements do not provide a designated products and completed operations aggregate limit. Contractor will have to procure a project specific general liability and products completed operations policy to meet these requirements. This project-specific policy will add significant cost to the project.

Please consider the following amendment: *“(a) Commercial General Liability Insurance. Unless otherwise explicitly required by individual project specifications, each insurance policy shall have general liability limits and personal & adv injury of not less than \$1,000,000 (One Million) per occurrence. A med expense any one person of not less than \$5,000 per occurrence. A damage to rented premises of not less than \$50,000 per occurrence. A general liability aggregate **per location** and products-comp/op aggregate of \$2,000,000 (Two Million) ~~per location~~. The Owner shall be named as an Additional Insured on the policy....”*

Response: The Contract requirement will not be changed.

Question 12:

General Contract Conditions 89(B) requires Contractor to provide a one year warranty after substantial completion. However, Instructions to Bidders 30(C)(8) states the performance bond “shall be maintained in full force for a period of two years after date of final certificate as a guarantee that the Contractor will make good any faults or defects in the work arising from improper or defective workmanship or materials which may appear during the period.” Please clarify whether the bonded warranty period is one year or two years

Response: The bonded warranty period is two years.

Question 13:

Proposal Form, Pay Item 5 in The schedule of Bid Items has a unit of measure as C.F. Specification section 01 20 00 Bid item 5, item 5 indicates a payment unit of linear feet. Please confirm the unit of measure in Pay Item 5 in the bid schedule should be linear feet.

Response: The Schedule of Bid Items and Section 01 20 00 – Measurement and Payment have been revised through Addendum No. 01.

Question 14:

Proposal Form, Pay Items 6, 7, 8, & 9 in The schedule of Bid Items have L.S. as a unit of measure. Specification section 01 20 00 Bid items 6, 7, 8, & 9 measurement and limits item 5 show units of linear feet. Please clarify the units of measure.

Response: The Schedule of Bid Items and Section 01 20 00 – Measurement and Payment have been revised through Addendum 01.

Question 15:

Specification section 01 20 00, Bid Item 8.4.a indicates the contractor shall be paid on a per square foot basis. 5.a indicates payment will be made on the number of linear feet. Please clarify the unit of measure.

Response: The Schedule of Bid Items and Section 01 20 00 – Measurement and Payment have been revised through Addendum 01.

Question 16:

Regarding bid items 7 & 8 and the concrete repair quantities shown on drawing S-10, Please provide the location(s) and quantities of the spall repairs less than 8' in elevation and greater than 8' in elevation as cost can vary depending on the elevation of the work.

Response: The Schedule of Bid Items and Concrete Repair Quantities table on Drawing S-10 have been revised through Addendum 01.

Question 17:

Regarding bid items 4, 5, 6, & and the concrete repair quantities shown on drawing S-10, Please provide the location(s) and quantities of the crack repairs less than 8' in elevation and greater than 8' in elevation as cost can vary depending on the elevation of the work.

Response: The Schedule of Bid Items and Concrete Repair Quantities table on Drawing S-10 have been revised through Addendum 01.

Screening Improvements Project
Contract No. RFB-RC-SWR-2023-06
SRF Project No. C3-5368-35-00
Rockland County Sewer District No. 1

Attachment No. 3:
Proposal, Pages P-2A and P-3A

6. The Bidder agrees to comply with Resolution 471 of 1975 and will submit with his Bid an Affirmative Action Plan if his business: 1) employs a minimum of 15 employees; and 2) does a minimum of \$50,000 per annum business with Rockland County. The Bidder further understands and agrees that if an affirmative action plan is required but not attached to the Bid, the Contract will not be awarded.
7. The undersigned Bidder acknowledges receipt of all Addenda, complete as issued by the Owner and that related costs are included in his bid price. Receipt of the said addenda is acknowledged as follows:

Addendum # _____	Dated _____
Addendum # _____	Dated _____
Addendum # _____	Dated _____
Addendum # _____	Dated _____
Addendum # _____	Dated _____
Addendum # _____	Dated _____

8. The undersigned Bidder further agrees to comply with all of the requirements of the Contract Documents.
9. BID PRICES:

For furnishing all labor, materials, tools, equipment and performance of all services required to complete all work of **Contract No. RFB-RC-SWR-2023-06** in conformance with the Contract Documents.

SCHEDULE OF BID ITEMS - CONTRACT NO. RFB-RC-SWR-2023-06 ¹

Item No.	Description of Work	Unit	Estimated Quantity	Unit Price In Words	Unit Price In Figures Dollars Cents	Extended Total In Figures Dollars Cents
1	Mobilization/Demobilization	Lump Sum	-	_____ Dollars _____ Cents per Lump Sum	\$ _____ per Lump Sum	\$ _____

Rockland County Sewer District No. 1

Attachment No. 4:
Appendix C: Davis Bacon Prevailing Wage Rates

Appendix C:

Davis Bacon Prevailing Wage Rates ¹

¹ Addendum No. 01

NO TEXT ON THIS PAGE

Superseded General Decision Number: NY20230020

State: New York

Construction Types: Building, Heavy, Highway and Residential

County: Rockland County in New York.

BUILDING; HEAVY; HIGHWAY; AND RESIDENTIAL CONSTRUCTION PROJECTS
(Includes single family homes and apartments up to and including 4 stories)

Note: Contracts subject to the Davis-Bacon Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658. Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(1).

If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022:	<ul style="list-style-type: none">. Executive Order 14026 generally applies to the contract.. The contractor must pay all covered workers at least \$17.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2024.
If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022:	<ul style="list-style-type: none">. Executive Order 13658 generally applies to the contract.. The contractor must pay all covered workers at least \$12.90 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2024.

The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request.

Additional information on contractor requirements and worker protections under the Executive Orders is available at <http://www.dol.gov/whd/govcontracts>.

POWER EQUIPMENT OPERATOR CLASSIFICATIONS

GROUP 1: Autograde-Pavement-Profiler (CMI and Similar Types); Autograde Slipform Paver (CMI and Similar Types); Backhoe; Central Power Plants (all types); Concrete Paving Machine (s-240 and Similar Types); Cranes (All Types, Including Overhead And Straddle Traveling Type); Cranes, Gantry; Derricks (Land, Floating or Chicago Boom Type) Drillmaster/Quarrymaster (Down the Hole Drill) Rotary Drill; Self-Propelled, Hydraulic Drill, Self-Powered Drill Draglines, Elevator Graders, Front End Loaders (5 yds. and over), Gradalls, Grader: Rago, Helicopters (Copilot), Helicopters, (Communication Engineer), Locomotive (large), Mucking Machines, Pavement and Concrete Breaker (Superhammer, Hoe Ram, Brokk 250 and Similar Types), Pile Driver (length of Boom Including Length of Leads Shall Determine Premium Rate Applicable), Pile Driver (length of boom including length of leads shall determine rate applicable), Roadway Surface Grinder Scooper (loader and

shovel), Shovels, Tree Chopper with Boom, Trench Machines, Tunnel Boring Machines.

GROUP 2: ""A"" Frame; Backhoe (Combination); Boom Attachment on Loaders (Rate Based On Size Of Bucket) Not Applicable To Pipehook) Boring and Drilling Machines, Brush Chopper, Shredder and Tree Shredder Tree Shearer, Cableways, Carryalls, Concrete Pump, Concrete Pumping System, Pumpcrete and Similar Types, Conveyors, 125 ft and over; Drill Doctor (duties include dust collector, maintenance), Front End Loader (22 yds. but less than 5 yds.), Graders (Finish); Groove Cutting Machine (ride on type), Heater Planing; Hoists: (all type hoists, Shall Also Include Steam, Gas, Diesel, Electric, Air Hydraulic, Single and Double Drum, Concrete, Brick Shaft, Caisson, Snorkel Roof, and or any other similar type Hoisting Machines, Portable or Stationary, Except Chicago Boom Type). Long Boom Rate to Be Applied if Hoist"" Hydraulic Cranes-10tons and Under; Hydro-Axe; Hydro- Blaster; Jacket (Screw Air Hydraulic Power Operated Unit or Console Type: Not Hand Jack or Pile Load Test Type), Log Skidder; Pans, Pavers (all) Concrete; Plate and Frame Filter Press; Pumpcrete Machines; Squeeze Crete and Concrete Pumping (regardless of size); Scrapers; Sidebooms; ""straddle"" Carrier, Ross and Similar Types; Vacuum Truck; Whip Hammer; Winch Trucks(Hoisting).

GROUP 3: Asphalt Crubing Machine, Asphalt Plant Engineer, Asphalt Spreader; Autograde Tube Finisher & Texturing Machine (CMI and Similar types) Autograde Curecrete Machine (CMI and Similar Types); Bar Bending Machine (power), Batchers, Batching Plant and Crusher on Site; Belt Conveyor System; Boom Type Skimmer Machines; Bridge Deck Finisher; Bulldozers (all); Car Dumpers (Railroad); Chief of Party; Compressor and Blower Type Units (used) Independently or Mounted On Dual Purpose Trucks, On Job Site or In Conduction with Job Site, In Loading and Unloading of Concrete, Cement, Fly Ash, Instantcrete, or Similar Type Materials); Compressor 92 or 3 in Battery); Concrete Finishing Machines; Concrete Saws and Cutters (ride on type); Concrete Spreaders, Hetzel, Rexomatic and Similar types; Concrete Vibrators; Conveyors, Under 125 ft), Crushing Machines, Ditching Machine, Small (ditchwitch, Vermeer or Similar type); Dope Dots (mechanical with or without pump), dumpsters; Elevator; Fireman; Forklifts (econombile, lull, and similar types of equipment); Front End Loaders (1 yd. and over but less than 2 yds.); Generators (2 or 3 in Battery/ within 100 ft); Giraffe Grinders, Graders and Motor Patrols; Grout Pump; Gunnite Machines (excluding nozzle); Hammer Vibratory (in conjunction with generators); Hoists (Roof, Tuggeaerial Platform Hoist and House Cars), Hoppers, Hoppers Doors (power operated); Hydro-Blaster (where required); Ladders (Motorized); Laddervator; Locomotive, Dinky type; Maintenance, Utility Man; Mechanics; Mixers (Excepting Paving Mixers); Motor Patrols and Graders; Pavement Breakers, Small, Self-Propelled ride on type (also Maintains Compressor or Hydraulic Unit); Pavement Breaker, Truck Mounted; Pipe Bending Machine (power); Pitch Pump; Plaster Pump (regardless of size); Post Hold Digger (post pounder and auger); Rod Bending Machines (power); Roller, Black Top; Scales, (power); Seaman Pulverizing Mixer; Shoulder Widener; Silos; Skimmer Machines (Boom Type); Steel Cutting Machine, Services and Maintains; Tamrock Drill; Tractors; Tug Captain; Vibrating Plants (used in conjunction with unloading); welder and Repair Mechanics;

Concrete cleaning/decontamination machine operator;
 Directional boring machine; Heavy equipment robotics
 operator; Master environmental maintenance operator, Ultra
 high pressure waterjet cutting tool system operator;
 Vacuum blasting machine operator

GROUP 4: Brooms and Sweepers; Chippers; Compressors (single);
 Concrete Spreaders (small type); Conveyor Loaders (not
 including Elevator Graders); Engines, Large Diesel (1620
 h.p.) and Staging Pump; Farm Tractors; Fertilizing
 Equipment (Operator and Maintenance of); Fine Grade Machine
 (small type); Form Line Graders (small type); Front End
 Loader (under 1 yd); Generator (single); Grease, Gas, Fuel
 and Oil Supply Trucks; Heaters (Nelson or Other Type
 Including Propane, Natural Gas or Flowtype Units); Lights,
 Portable Generating Light Plants; Mixers, Concrete Small;
 Mulching Equipment (Operation and Maintenance of); Pumps (2
 of Less Than 4 Inch Suction); Pumps 94 Inch Suction and
 Over Including Submersible Pumps); Pumps (Diesel Engine and
 Hydraulic); Immaterial of Power; Road Finishing Machines
 (Small Type); Rollers, Grade, Fill Or Stone Base; Seeding
 Equipment (Operation and maintence of); Sprinkler and Water
 Pump Trucks (Used on job Site or in conduction with Job
 Site); Steam Jennies and Boilers, Irrespective of Use;
 Stone Spreader; Tamping Machines, Vibrating Ride On;
 Temporary Heating Plant (welson or Other Type, Including
 Propane, Natural Gas or Flow Type Units); Water and
 Sprinkler Trucks (Used On Job Site In Conduction with Job
 Site); Welding Machines-Within 100 ft (Gas, and /or
 Electric Converters of Any type, single, two or three in a
 battery). welding system, multiple (rectifier transformer
 type) well point systems (including installation by bull
 gang and maintenance of); Off Road back dumps.

TRUCK DRIVER CLASSIFICATIONS

GROUP 1: Drivers on Letourneau tractors, double barrel euclids, Athey wagons and similar equipment (except when hooked to scrapers), I-beam and pole trailers, drivers of road oil distributors, tire trucks and tractors and trailers with 5 axles and over, Articulated Back Dumps and Articulated Water Trucks.

GROUP 1A: Drivers on detachable Gooseneck Low bed Trailers rated over 35 tons.

GROUP 2: Drivers on all equipment 25 yards and over, up to and including 30 yard bodies and cable dump trailers and powder and dynamite trucks.

GROUP 3: Drivers on all equipment up to and including 24 yard bodies, mixer trucks, dump crete trucks and similar types of equipment, fuel trucks, batch trucks and all other tractor trailers.

GROUP 4: Drivers on tri axles, ten-wheelers, grease trucks and tillermen.

GROUP 5: Drivers on pick-up trucks used for materials & parts, drivers on escort man over-the-road and drivers on straight trucks.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

=====
** Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$17.20) or 13658 (\$12.90). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 are not currently being enforced as to any contract or subcontract to which the states of Texas, Louisiana, or Mississippi, including their agencies, are a party.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic

violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

State Adopted Rate Identifiers

Classifications listed under the ""SA"" identifier indicate that the prevailing wage rate set by a state (or local) government was adopted under 29 C.F.R. 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 01/03/2024 reflects the date on which the classifications and rates under the ?SA? identifier took effect under state law in the state from which the rates were adopted.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator

U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
