## **NOTICE TO BIDDERS**

- 1) Bids must be fully completed, partial bids will not be accepted.
- 2) Bidders must furnish the following information on three (3) previous jobs completed within the last 5 years of a similar size and scope;
  - a) Name & location of job
  - b) Dollar amount of job
  - c) Principal contact person, address, phone and fax number
- 3) This is a proprietary job, non public funding, and the owner reserves the right to receive bids on the equipment as specified. Should you want the owner to consider substitutions you **MUST** follow the form indicated in PART IV-BID DOCUMENT
- 4) This job is for Spring 2022 delivery and prices must remain firm until June 1, 2022.
- 5) The delivery and installation must be completed within two (2) weeks.
- 6) No partial or drop shipments will be allowed.
- 7) The scope of the work includes:
  - a) Delivery, set in position all equipment listed in the Itemized specifications, leveled and ready for final Connections.
  - b) Hang Two (2) range hood.
  - c) Install fire suppression systems (2) and file for permits as required by town or county code (fees to be paid by owner) and past test requirements required by local fire marshal
- 8) Provide three (3) maintenance & operation manuals on all Buy-out equipment.

#### PART IV - BID DOCUMENT

All bids shall be itemized as per form. Each bidder shall visit the site to ascertain existing conditions. The Owner reserves the right to delete any item or items from this contract without affecting any price other than the deleted item. Should an item be deleted, a proportionate percentage of the line marked "Freight" shall be automatically deducted.

This bid shall be completed in its entirety as per the Itemized Specifications. Partial or incomplete bids will not be accepted.

If a bidder wishes to offer an alternate to an item, such a substitution will only be considered if the following conditions are met:

- (a) If the item to be substituted meets all the requirements of the General Specifications.
- (b) If a written recommendation on a company letterhead is received, and it is accompanied by the substitute manufacturer's latest specification sheet, indicating model number.
- (c) The original specified item must be bid for comparison purposes.
