**GOVERNMENT'S RESPONSES TO BIDDERS' INQUIRIES**  
**(FOR INFORMATIONAL PURPOSES ONLY):**

Q&A number	Bidder Inquiry Number	Comment	Response
1	8974920	There is a discrepancy in the bid date: One place it says to Submit Bids no later than 2:00 PM EST on 19 January 2021 (or as amended) and then in Section 13 it says to submit bid on <u>  1  5  </u> <u>  J  a  n  </u> <u>  2  0  2  1  </u> (date).	The correct Bid Due Date is 19 January 2021 at 2:00 PM EST. Section 13 is incorrect.
2	8978606	Spec section 00 24 00 "evaluation factors for award, 1.1 states "to be provided by contracting division 12 the solicitation". We do not see this information in the solicitation. Please provide the evaluation factors for award.	Spec Section 00 24 00 and 00 22 20 will be deleted from the specs.  Spec section 00 24 00 "evaluation factors for award" will not be used as this is an Invitation For Bid and not a Request For Proposal.  Additionally Spec section 00 22 20 "Proposal Submission Requirements and Instructions" Will also not be used as this is an Invitation For Bids.
3	8978629	spec sect 01 91 00.1510 "Total Building Commission" in 1.1 summary states "employ the services of an independent commissioning firm". Throughout this spec section, it reads as the contractor is to hire the commissioning agent. At the end of the section there is a design phase commissioning plan and on page 7 it defines the commissioning authority as an entity identified by the owner who plans, schedules and coordinates the commissioning team to implement the commissioning process. Please verify if the owner or contractor hires the commissioning authority	Contractor shall hire an independent Commissioning Authority. Appendix C, Design phase commissioning plan will be removed from spec section 01 91 00.1510 in this amendment.

4	8978608	<p>Page 39 of the solicitation requires the contractor to perform on site with its own organization, work at least 40% of the total amount of work to be performed under the contract. Please confirm 40% of the work will have to be performed by the contractor</p>	<p>The percentage of work required to be performed by the contractor will be reduced to 20 percent.</p> <p>52.236-1 PERFORMANCE OF WORK BY THE CONTRACTOR will be amended to state the following:</p> <p>52.236-1 PERFORMANCE OF WORK BY THE CONTRACTOR (APR 1984)</p> <p>The Contractor shall perform on the site, and with its own organization, work equivalent to at least 20 percent of the total amount of work to be performed under the contract.</p> <p>This revision is included in this amendment.</p>
5	8981008	<p>Drawing S-501 "Concrete repair notes" B  Repair of spalled surfaces - contractor to include costs for 900 SF of concrete surface repair  C. repair of large cracks - contractor shall include costs for 800 LF of routing existing slab cracks &amp; filling with epoxy.  D. surface applied crack healer - contractor to include costs for 14400 SF of concrete surface repair  E. Abandoned existing penetration infill - contractor shall include costs for 240 infills  Please advise if these quantities are for entire project and if so, how do they get divided between base bid #1 the barracks and base bid #2 the latrines?</p>	<p>The repair quantities are for the entire project. Of the twelve buildings three are latrines and nine are barracks so assume 3/12ths or 1/4th of the repairs will be in the latrines (base bid #2) and 3/4ths will be in the barracks (base bid #1).</p>

7	8981863	Existing Corrugated Metal - Please clarify name of this component and distance to each other. (Also, see attached File - RFI 1	Area above insulation is a void between the insulation and metal roof. The insulation spans between the Z-girts, which sit on and are fastened to the top flange of the existing rafter/beam. This leaves a couple inches (field verify dimension) between the top of the Z-girt and the metal roof. See the bottom left image on G-003 for the existing rafter/beam condition.
8	8984050	Block 10 specifies the bid due date is 1/19/21 @ 2:00pm but Block 13 indicates 1/15/21 @ 2:00pm. Please clarify.	The correct Bid Due Date is 19 January 2021 at 2:00 PM EST. Block 13 is incorrect.
9	8984055	Site Visit - Would it be possible to schedule a second site visit after New Years?	A second site visit will be held on 8 January 2021 at 1:00pm.
10	8984394	Refer to drawing A601 – detail E8 shows Spray foam fire proofing. Is there a section for this item.	There is no spray foam on the project. Detail E8 is a standard detail diagram to show partition continuity.

BUILDING CONSTRUCTION PROJECTS FOR ALL COUNTIES EXCEPT

SULLIVAN (does not include single family homes and apartment up to and including 4 stories), HEAVY AND HIGHWAY CONSTRUCTION PROJECTS

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.95 for calendar year 2021 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.95 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2021. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher than the conformed wage rate). The EO minimum wage rate will be adjusted annually. Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Additional information on contractor requirements and worker protections under the EO is available at [www.dol.gov/whd/govcontracts](http://www.dol.gov/whd/govcontracts).

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at [www.dol.gov/whd/govcontracts](http://www.dol.gov/whd/govcontracts).

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

#### Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing

the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

#### Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

#### Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can

be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
