

COVID-19 Fit to Work Policy

Ecosystem takes the health and safety of its employees and partners very seriously. We are closely monitoring the spread of COVID-19 as it may impact our project sites, clients, and partners. *Ecosystem is doing its part to minimize the number of personnel in one location and increase availability of handwashing stations, hand sanitizer, and sanitizing wipes at all work sites.* We ask employees and contractors to acknowledge the following information, provided by the Center for Disease Control and Prevention (CDC) regarding spread of COVID-19 and preventative measures.

You must monitor for Symptoms

Reported illnesses have ranged from mild symptoms to severe illness and death. These symptoms may appear 2-14 days after exposure to the virus: fever (100.4 F or higher), coughing, and/or shortness of breath. People are expected to be most contagious when they are most symptomatic, i.e. when they are most sick.

Preventive Measures

Employee Signature

By signing this form, I agree to adhere to Ecosystem’s guidelines concerning COVID-19. I will, therefore, perform a mandatory daily self-monitoring of my conditions prior to entering any Ecosystem site and prevent the spread of COVID-19 within our communities. If I am showing in any symptoms mentioned above, I will not go to site and warn my immediate supervisor immediately. If, within 14 days of visiting the site, I develop symptoms or receive a positive test result, I will contact Ecosystem immediately.
