**PROJECT NAME: BOILER REPLACEMENT AT HUDSON RIVER MUSEUM**

**This Addendum consists of the following information:**

- 1. ADDITIONAL SITE VISIT OPPORTUNITY. Thursday, October 6, 2022 at 10:00am.**  
Access will be provided to all contract areas during this time only. The Museum cannot accommodate other unscheduled visits.

**Responses to written RFI's**

- I am inquiring about the Boiler Replacement project at the Hudson River Museum. We are a BMS controls vendor and would like to find out if there is an existing BMS system in the building. We see the Div 23 specification calls for a Schneider EcoStructure system. We would like to confirm if Schnedier is indeed the existing BMS vendor and that the bid is not open to other controls companies. This will give us confirmation on whether [our company] should bid the job to mechanical contractors.*

**RESPONSE: The existing automatic temperature controls system in the Hudson River Museum is largely pneumatic. Substitutions will be considered in accordance with provisions of the contract documents during the submittal review process.**

END OF BID ADDENDUM NO. 2
